

08 – Project Demonstration – Detailed

LegalEase: AI-Powered Legal Document Generator

Team Leader: R. Vidhya kumaran

Team Members: R. Tharun, M. Suyambu lingam

Academic Project Documentation

1. Demonstration Objective

Show the complete journey from selecting a document type to entering facts, generating a draft, reviewing the draft, and exporting it.

2. Demo Script

- Step 1: Open LegalEase home screen.
- Step 2: Select a document type.
- Step 3: Enter sample non-sensitive information.
- Step 4: Demonstrate required-field validation.
- Step 5: Click Generate Draft.
- Step 6: Review the generated document.
- Step 7: Edit a clause or field.
- Step 8: Export the final reviewed draft.
- Step 9: Show the disclaimer and explain human review.

3. Sample Demo Data

Use fictional names, addresses, dates, and terms. Do not use real people's confidential legal information during the academic demonstration.

4. Presentation Points

Explain the problem, architecture, AI role, validation, privacy controls, testing evidence, limitations, and future scope.
